For All Your Weighing Needs

DPW 4LC Heavy duty Floor Scales

Rugged and flexible for heavy-duty industrial weighing, our floor scales ensure your process requirements are being met safely and accurately.

WHAT MAKES GIRI BROTHERS WEIGHING SCALES SUPERIOR AND RUGGED

1. Orthotropic U beam section, German design, exclusively designed for weighing scale purpose and has become the standard norms in Europe and US.
2. Use of High grade branded steel plates having yield strength 50% more than conventional available structures.
3. Powder Coated ,pre treated Structures.
4. Completely Sealed Under Protection ,from Rats , insects and damages from fork lifts.
5. Top quality alloy steel load cells with swivel leg arrangement ,transmits load vertically, resulting in highly accurate weightment.

Features

- High Precision Weight Indicator, reduced maintenance costs , smart software holds calibration twice as long and provides reliable performance.
 - Built in rechargeable battery – (Backup time upto 18 Hrs)
 - 1" Bright Red LED Display
 - Zero , Tare, Mode based Single Counting function.
- Optional Function– RS232 interface and more refer below.

Specification

MAKE	CIBI
MODEL	DPW
(CAPACITYX ACCURACY)	PLATFORM SIZE
1000Kg X 100g	1000x1000mm , 1200 x 1200mm , 1500 x 1500mm
2000Kg X 200g	1000x1000mm , 1200 x 1200mm , 1500 x 1500mm
3000kg X 500g	1000x1000mm , 1200 x 1200mm , 1500 x 1500mm
5000kg x 1Kg	1000x1000mm , 1200 x 1200mm , 1500 x 1500mm
POWER SOURCE	AC / INBUILT BATTERY
BATTERY	RECHARGEABLE 6V 4 AH
DISPLAY	LARGE LED 25 mm
POWER CONSUMPTION	2W

Note: We design platform size and capacity as per customers requirements.
The image shown above may differ from the original product .

For All Your Weighing Needs

Optional/Add on Features

You can choose the following Features.

Contact 98414 36535 for your special requirement and Quote.

1) Tower Lamp with Buzzer Alarm

2) Simple inbuilt Printing

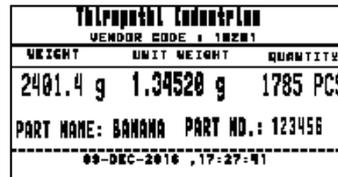

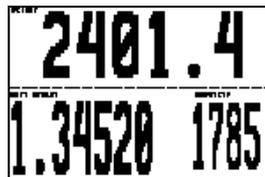

Prints S.no – Date – Time – Gross wt – Tare Wt – Net weight

3) The 7" Smart Display, is designed exclusively to meet the printing needs for weighing scales. This indicator can store more than 10000 part numbers along with Part Name, Size Grade etc. and 7 other parameters as per your requirement. It has the function to enter the fields dynamically. The option to interface with cloud comes handy to access from any where. It can connect to label printer or other printers* and print barcode/other data's as per your requirement

Some Sample Label Print outs- Design your Labels

- 4) RS232/485/Bluetooth/ Wifi/- We Provide weight indicators with these communications.
- 5) Softwares- We provide simple softwares to ERP solutions or to integrate weight data to your ERP
- 6) Industry 4.0
Our Weighing scales are ready to assist you to acheive the Industry 4.0.
Kindly send us your requirement.
